Wood Energy Financial App: Is your woody biomass heating project feasible?

You are invited to attend our latest Live Webinar sponsored by: North Carolina State University-Extension Forestry, Southern Regional Extension Forestry, Texas A&M Agrilife Extension, and 25x'25.

Title: Wood Energy Financial App: Is your woody biomass heating project feasible?

What will you learn?
Significant time and resources are often spent pursuing wood energy projects that are not suitable or appropriate for the situation. To assist communities and partners in rapidly exploring and initially evaluating a variety of options, we developed the Community Biomass Handbook and Wood Energy Financial App (woodenergy.umn.edu). The Handbook is a multimedia library that showcases successful wood energy projects from around the country using text, photos, video interviews, diagrams, and – most importantly – an interactive financial app to estimate fuel cost savings, capital investment, and payback. Checklists for assessing opportunities, engaging communities and partners, and moving project proposals forward are included. learn more here...

Presenters/Authors:
Dr. Dennis Becker, Associate Professor, University of Minnesota
Gregg Mast, Private Consultant, Earthtech Energy

Education Credits from the following organizations continuing education programs have been approved or applied for:
Conservation Planner - 1 hour Conservation Planning Credit [status: Applied For]
11 September 2014

SENT TO LSU AGCENTER/LOUISIANA FOREST PRODUCTS DEVELOPMENT CENTER - FOREST SECTOR / FORESTY PRODUCTS INTEREST GROUP

Society of American Foresters - 1 hour Category 1 Credit  [status: Applied For]

Get instructions on how to obtain Continuing Education Credits.

Session Details:
Sep 30, 2014 2:00 pm US/Eastern  Duration: 01:00 (hh:mm)  Export Event To Calendar

*** Please join the session 15 minutes prior to the start of the webinar. ***

Who should participate?
Bioenergy Industry Professionals
Foresters
Land Owners
Policy makers
Economic developers
Natural Resource Professionals
Forest Industry
