SENT TO LSU AGCENTER/LOUISIANA FOREST PRODUCTS DEVELOPMENT CENTER - FOREST SECTOR / FORESTY PRODUCTS INTEREST GROUP

The EU meets next week to discuss this 2050 Target. Most of us will be dead by 2050, but I suggest human-accelerated Climate Change deserves an unbiased research-based examination, as opposed to be included out-of-hand in the “Fake-News” dumpster. Regards, Rich.

Climate change: UK government to commit to 2050 target

By Roger Harrabin
BBC environment analyst

Greenhouse gas emissions in the UK will be cut to almost zero by 2050, under the terms of a new government plan to tackle climate change.
